Electronic applications

**Fluke 115**
Best for Electronic and field service applications.

**Electronic troubleshooting**
Troubleshoot a wide variety of measurement parameters, including frequency and capacitance.

**Fluke 175**
Best for Every day use requiring a true-rms, accurate, rugged meter.

**Industrial troubleshooting**
Applications requiring exceptional ease-of-use, ruggedness and reliability.

**Electrical maintenance and troubleshooting**
Variety of commercial electrical troubleshooting, installation and maintenance.

**Fluke 179**
Best for Every day use requiring a true-rms, accurate, rugged meter.

**Industrial troubleshooting**
Applications requiring exceptional ease-of-use, ruggedness and reliability.

**Electrical maintenance and troubleshooting**
Variety of commercial electrical troubleshooting, installation and maintenance.

**Temperature measurements**
Built-in thermometer conveniently allows you to take temperature readings without having to carry a separate instrument.

**Fluke 233**
Best for Applications where display positioning is problematic.

**Remote monitoring**
View meter display up to 30 feet away from the measurement point. Observe meter real-time readings remotely.

**Unusual measurements**
Remote magnetic display solves separation problems.

**Electrical maintenance**
All the features and functions of a conventional multimeter.

**Fluke 287**
Best for Advanced electronic applications, including datalogging and graphing intermittent problems.

**Remote monitoring**
View meter display up to 30 feet away from the measurement point. Observe meter real-time readings remotely.

**Unusual measurements**
Remote magnetic display solves separation problems.

**Electrical maintenance**
All the features and functions of a conventional multimeter.

**Fluke CNX 3000**
Best for Applications where live measurements from multiple modules simultaneously and remotely are necessary.

**Applications**
- Overcome separation issues between measurement points and/or controls
- Easily see cause and effect

**Remote monitoring**
The CNX wireless enabled modules measure ac voltage, ac current and temperature, which display on the CNX 3000 Wireless Multimeter.
