

Fluke Education Partnership Program

Education Tool Discount Program Ordering Instructions

Educators at not-for-profit national technical and vocational schools, colleges, universities, and apprenticeship programs can receive a 25 percent discount on select Fluke tools. Purchases are made through an authorized Fluke distributor in your area. Here's how you can view the discounted tool price list and place an order:

1. Register for the Fluke Education Partnership Program at: <http://support.fluke.com/register/login.asp>. Select the "Fluke Educator's Portal" from the drop down list and click register.
2. Once you receive your membership confirmation, log in to the Educator's Portal.
3. Select "Library" on the left side of the welcome screen and then "Discount Price List." Choose the "Fluke Educators Program Discount List."
4. After you've identified the tools you want to purchase, select "Order Products" on the left side of the screen.
5. Select the distributor you would like to purchase your tools from. Select "View" to print the order form.
6. Complete the form and fax it and your list of tools on the discount Education's Price List to the distributor. Their contact information is listed on the order form.
7. The distributor will order the tools directly from Fluke and items will ship directly to you.

For questions regarding the education program, contact:
Toffee Coleman, toffee.coleman@fluke.com or 425-446-5890

For questions about distributors, orders, and pricing
